EDITORS CHRONICLE: Although yours is a secular paper, yet I often see religious intelligence published in it, and on this account, as well as for old acquaintance sake, I ask a small space for the following:

The Rev. C. C. Mayhew, of Nashrille, commenced a protracted meeting at the M. E. Church in this place, on Saturday before the third Sunday in July, with the assistance of Revs. A. Stallcup, of Edgefield, T. S. Cullom. Jno. N., and his father, Jas. R. Allen, which he continued until last Monday night, when other engagements compelled him to leave. Brother Jno. N. Allen then conducted the meeting until last night, when it closed, with forty-seven conversions and fifty-seven

Having duly organized, under the Charter granted, on the —— day of June, 1873, is now ready for business. Farties desiring the aid of the Company in the manufacture of IRON, WOODEN, LEATHER, WOOLEN. or Corron goods, are invited to make pro-posals. Meetings of the Board of Directors are held regularly first Tuesday of each month—regularly first Tuesday of each

The second term of this Institute begins ist Monday in Sept., RC3, and closes June 12, 1874. The course of instruction will embrace the Sciences, Ancient Languages, French, Music, Drawing, Painting, etc.

The principal, assisted by his sister, Mrs. E. S. Knott, and her daughters, proposes, and from the flattering success of the first term expects, to build up a first-class boarding school. The neighborhood is healthful, moral and intelligent. The buildings are commodious and the grounds tasteful. We feel assured young ladles can find no safer and more pleasant retreat while pursuing a thorough course.

COAL.

We are selling a superior article of coal for Sixteen Cents (Cash) by the car load and will contfine to up to the list of September, and as we have a great deal of work ahead of us, would be glad if parties desiring coal would hand in their orders on or asporate the 15th of August. That will enable us to make our arrangements to suit, and insure them the coal at the above figures. While we do all in our power to supply the town with coal AT ALL TIMES, the past winter should teach you that the only certainly of a supply in winter is in laying in in summer. The difference in price will more than pay for the outlay of money, to say nothing of the convenience. Leave your orders as early as possible.
